

## January Bible

## Story Corner

I hope you all had a joyful and relaxing break. It's still the Christmas season in the Bible room for our first week as we learn about the Wisemen and their visit to Baby Jesus. We will hear the Bible story "The Bright Star and the Three Visitors". We will also read "Follow The Star" which tells the journey of Balthazaar, Melchior and Gaspar through the eyes of Small Camel. Small Camel is carrying special gifts for the King, but he wonders if they will ever get there.

The rest of the month, we will be focusing on how each of us is different, yet special in God's eyes. We will read the book "ColorFull" about celebrating the colors God gave us - both in our world and ourselves. We will talk about all the colors we see everyday and how important different colors are in our world.

Our final book of the month will touch on empathy. Empathy is oftentimes challenging for children. It is important for children to begin to understand how their words and actions make others feel. The book "I am Human" help teach children that we are all unique and we can make choices every day to do kind things. We will make a bulletin board of all the ways we can choose kind.

Happy New Year,

Lauren Hassan
