

February Bible Story

We kicked off February talking about Feelings. It's important for the children to understand that the emotions they feel are ok. We read a book called Today I feel Silly. It goes through a full range of emotions. We then watched a video of a song about feelings so the children could watch the different facial expressions. I then showed them pictures of different feelings and had them guess what they were. We also imitated some of the faces.

Following that, we will read about how Jesus chose his disciples. And how they made the choice to follow him. We will use the felt board to recreate and the story and play a game.

The next week our book is called "Love is Kind". It's a heartwarming story about Little Owl who hopes to buy his grandmother a birthday present. While his trip doesn't go as planned, he learns the true meaning of love.

The fourth week in February, we will be visiting the Sanctuary as a large group depending on the day your child attends school. We will hear the story of how Jesus loves the little children. We will sing and pray together. It is a wonderful start to the day!
